Kasungu Park Release | Stage 5

Introducing The Parks Kasungu Park Release, inspired by Malawi's Kasungu National Park, famed for the natural beauty of miombo woodlands, diverse wildlife, and open landscapes where nature leads the way. In Darwin, the experience begins right at your doorstep. Just like in Kasungu, you can follow the call of the trail here: every street links to a green corridor, letting you follow nature's trail just as you would in the wild. This release offers well positioned blocks, woven through green corridors and walking trails, a place to roam freely, live peacefully, and stay connected to nature every day.
